ADDITIONAL STATEMENTS

Applicant filed the instant application on September 16, 2003 with a non-publication request. Applicant subsequently filed a PCT application (PCT/US03/33503) claiming priority on this application on October 21, 2003. The undersigned unintentionally forgot to rescind the non-publication request until today. There is no substantive harm in this unintentional delay, since the US application would not have been published yet in any event.

Should the Office require further information, it is most welcome to contact the undersigned by phone, fax, or e-mail as indicated below.
